

NAN 29th Annual Conference

GRAND ROUNDS

ADULT GRAND ROUNDS

Friday, November 13, 2009

11:00 am - 1:00 pm

Moderator: Richard Naugle, Ph.D.

Discussants: Clea Evans, Ph.D. & Michael Schoenberg, Ph.D.

AGR1

Ipsilateral Hemiparesis Following Thalamic Infarct

Phillips, M. & Haines, M.

AGR2

A Case Study Examining the Cognitive Abilities in a Woman With Fibromuscular Hyperplasia over Four Year Time Period

Peck, E., Lee, H., Phillips, B., Wein, B., Bekenstein, J., & O'Grady, J.

AGR3

Bilateral Thalamic DBS for the Treatment of Refractory Tourette's Syndrome

Schoenberg, M., Ogrocki, P., Maddux, B., Whitney, C., Gould, D., Riley, D., & Maciunas, R.

PEDIATRIC GRAND ROUNDS

Friday, November 13, 2009

11:00 am - 1:00 pm

Moderator: Philip Fastenau, Ph.D.

Discussants: E. Mark Mahone, Ph.D., Renee Lajiness-O'Neill, Ph.D. & Cecil Reynolds, Ph.D.

PGR1

Progression of Neurocognitive Deficits Associated with Juvenile Huntington's Disease: A Pediatric Case Study

Espe-Pfeifer, P., Arguello, J., Taber, S., & Duff, K.

PGR2

Case Report: Cognitive Deficits in a Pediatric Patient with SCD and Chronic Lead Exposure

Fields, A., Newby, R., Weissgerber, K., Epping, A., Panepinto, J., & Scott, P.

PGR3

Neuropsychological Assessment of Two Children with Sturge-Weber Syndrome

Reesman, J., Zabel, A., Wodka, E., Ferenc, L., Comi, A.

DIVERSITY GRAND ROUNDS

Saturday, November 14, 2009

1:30 pm – 3:30 pm

Moderator: David Lechuga, Ph.D.

Discussants: John Lang, Ph.D., Christine Salinas, Ph.D. & Simon Tan, Ph.D.

DGR1

Case Presentation: Neuropsychological Assessment Of An Individual with Profound Disabilities

Cohen, N. & Bigelow, S.

DGR2

Neuropsychological Assessment of a Costa Rican Male with Toxoplasmosis Encephalitis , Secondary to AIDS CDC Stage C

McCrea Jones, L. & Sandoval, R.

DGR3

Dementia or Malingering? An Example of the Difficulties in Minorities' Assessment

Vilar-López, R., Puente, N., Hidalgo-Ruzante, N., Buré, A., Ojeda, C., & Puente, A.

FORENSIC GRAND ROUNDS

Friday, November 13, 2009

8:30 am – 10:30 am

Moderator: Robert Denney, Psy.D.

Discussants: Kevin Bianchini, Ph.D., F. William Black, Ph.D. & Diana Goldstein

FGR1

Forensic, Legal and Ethical Issues Raised in a Medical Malpractice Defense Case

Zolten, AJ

FGR2

Forensic Neuropsychological Evaluation in Capital Murder Case: Typical Referrals, Psychological Issues, and Complications.

Mallory, LE

Poster Session A
Thursday, November 12, 2009
6:30 pm - 8:00 pm

Aging and Dementia: Alzheimer's Disease

A1

Lateralized and Overall Olfactory Identification Ability in Frontotemporal Dementia and Alzheimer's Disease

Heyanka D, Golden C, McCue R

A2

Impact of Cardiac Disease on Dementia Profiles

Heyanka D, Mackelprang J, Reuther B, Golden C

A3

Does Crystallized Intelligence Remain Superior in Higher Occupational Statuses in Alzheimer's Patients?

Odland A, Scarisbrick D, Heyanka D, Martin PK, Golden C

A4

Sensory Motor Tasks in Differentiating Alzheimer Disease from Depression in Older Adults

Mazur-Mosiewicz A, Holcomb M, Dean RS

A5

List Learning and Recall in Dementia and Depression

Schneider JJ, Morgan D, Scott J, Leber W, Adams R

A6

Contributions of Genetic and Vascular Risk Factors to the Neurocognitive Profiles of Patients with Amnesic Mild Cognitive Impairment and Alzheimer's Disease

Marceaux JC, Triebel K, Griffith HR

A7

Utilization of a Visual Rating System to Assess Atrophy in FTD and AD

Gifford K, Potter E, Webbe F, Barker WW, Loewenstein DA, Duara R

A8

Validation of the MoCA to Differentiate Cognitive and Mood Disorders from Normal Aging

Gifford K, Mahaney T, Srinivasan V, Cummings T, Frankl M, Bayan R, Webbe F, Mulligan KP

A9

The Memory Support System for Mild Cognitive Impairment: Emotional Impacts of a Cognitive Rehabilitation Program

Duncan NL, Greenaway MC

A10

Differentiation between Alzheimer's Disease and Vascular Dementia among Japanese Elders by Using Rey-Osterrieth Complex Figure Test

Sakamoto M, Spiers MV, Libon DJ

A11

The WAIS-R Digit Symbol Test in the Assessment of Older Adults: Normative Concerns

Pimontel MA, Gavett BE, Jefferson AL, Nair AK, Green RC, Stern RA

A12

Co-morbid Neuropathology in Alzheimer's Disease Complicates Differential Diagnosis

Mahaney TR, Frankl ML, Cummings T, Mulligan K, Webbe FM

A13

Sensitivity and Specificity of Select Neuropsychological Assessment Battery (NAB) Subtests in the Diagnosis of Alzheimer's Disease

Lou KR, Gavett BE, Jefferson AL, Nair AK, Green RC, Stern RA

A14

Applying Normative Data Corrections to the RBANS for African-American Patients with Alzheimer's Disease

McDermott A, Dodd JN

A15

8-item Animal Short Form of the Boston Naming Test and its Utility in Dementia

Ruchinskas, R

Aging and Dementia: Healthy Aging and Cognition**A16**

Association of Cognition with Physical Performance in Urban Black Older Adults

Schneider BC, Lichtenberg PA

A17

Examining the Self-corrected and Non-self Corrected Errors on the Stroop Test

Miller A, Bryant K, Martincin K, Livers E, Martukovich R, Poreh AM

A18

Extending the Functional Cerebral Systems Approach to Time Estimation: Examining Age-Related Changes in Right Hemisphere Regulation of an Internal Clock

Holland AK, Carmona JE, Harrison DW, Hunt S, Riner B, Latham K

A19

Age-Related Differences in Systolic Blood Pressure Regulation and Design Fluency Performance as a Function of Stress

Carmona JE, Holland AK, Comer C, Harrison DW

Developmental and Pediatric: Attention Deficit (Hyperactivity) Disorder**A20**

Differences between Working Memory Manipulation and Storage in ADHD

Martin PK, Heyanka D, Odland A, Golden C

A21

The Association between Social Problems and Depression in Children with ADHD

Martin PK, Heyanka D, Odland A, Golden C

A22

Can the Wisconsin Card Sorting Test Differentiate Between ADHD Subtypes?

Rodriguez M, Myers A, West S, Golden C

Developmental and Pediatric: Learning Disability**A23**

Automaticity as Related to Mathematics Performance

Holster J, Bolanos J, Corsun-Ascher C, Golden C

A24

Which Measure of Executive Functioning Best Predicts Math Performance in Clinically Referred Population?

Robbins J, Restrepo L, Prinzi L, Garcia J, Golden C

A25

Automaticity and Reading Skills Among Youths

Holster J, Bolanos J, Garcia J, Golden C

A26

BRIEF Scores Predict 3rd Grade High Stakes Test Scores

Osgood J, Trice AD, Ernst WF

A27

Validation of the MoCA in a College Setting to Identify Academically at-risk Students
Mahaney T, Gifford K, Oelschlager J

Diversity

A28

Predicting an Estimate of Verbal IQ from Performance on the Vocabulary Subtest of the Nova Multilingual Neuropsychological Battery
Gurrea J, Tourgeman I, Odland A, Golden C

A29

Predictive Ability of Acculturation in Determining Performance in Neuropsychological Tests
Tourgeman I, Gurrea J, Stack M, Boddy R, Demsky YI, Golden C

A30

Competence to Stand Trial in Spanish-Speaking Immigrants: Distinctive Issues
Judd T, Jurecska DE, Holmes J

A31

Influence of Culture on the Report of Somatic Symptoms in Simulated Chronic Pain
Aguerrevere LE, Greve KW, Capps DE, Izquierdo R

A32

Testosterone and Memory in Female-To-Male Transsexuals
Feldman, C

Neurological and Neuropsychiatric Disorders: Psychiatric Illness

A33

Are Memory Deficiencies in Anxious Patients due to Comorbid Depression?
Boddy R, Scarisbrick D, Rice J, Tourgeman I, Golden C

A34

MMPI-2 Depression Indices effects on Memory Testing
Scarisbrick D, Boddy R, Corsun-Ascher C, Heyanka D, Golden C

A35

The Relationship between Gender and Hippocampal Volume in Adults with Posttraumatic Stress Disorder: A Meta-Analysis
Woon FM, Hedges DW

A36

Do Adult and Childhood Depression Present Differently on Measures of Intelligence?

Odland A, Heyanka D, Martin PK, Golden C

A37

Predictors of Cognitive Profile in an Older Adult Inpatient Psychiatric Sample

Yamout K, Heinrichs RJ, Baade LE, Soetaert DK

A38

Do Processing Speed and Working Memory Deficits Manifest More Severe in Major Depression than Dysthymia?

Perle JG, Odland A, Martin PK, Golden C

A39

Nonverbal Learning and Memory for Emotional Information in Bipolar Affective Disorder

Armstrong CM, Bello D, Randall C, Allen DN

A40

The “Teddy Bear Sign”: Implications of a Stuffed Toy in Neuropsychological Assessment

McLaren T, Konopacki K, Peery S, Miranda F

A41

Relations of Negative Symptom Changes with Dementia Severity and Verbal Memory in Schizophrenic Elderly

Saleh M, Moise F, Mendoza J, Mak E, Gomez R, Mihaila E, Parrella MJ, White L, Harvey PD

A42

The Interaction between Age and Major Depressive Disorder on Aspects of Intellectual Functioning.

Marshall D, Gomez R, Keller J, Rogers E, Misa J, Che A, Tennakoon L, Schatzberg A

A43

Learning and Memory Deficits as Trait Markers for Psychosis in Bipolar Disorder

Sutton GP, Allen DN, Strauss GP, Bello DT, Armstrong CM, Randall C, Duke LA, Ross SA

A44

Spatial Memory Deficits in Bipolar I and II Disorder: Evidence in Favor of a Bipolar Spectrum Model?

Randall C, Bello DT, Armstrong CM, Sutton G, Ringdahl EN, Thaler N, McMurray J, Sanders L, Isaac H, Allen D

Neurological and Neuropsychiatric Disorders: Treatment and Rehabilitation

A45

Holistic Neurorehabilitation of Lance Adams Syndrome: Treating Multiple Etiologies
Rumble SM, Klonoff P

A46

A Comparison of Stimulant Medications for MS-related Fatigue and Cognitive Problems
Wilken J, Sullivan C, Fratto T, Sullivan A, McKenzie T, Ensley M, Saunders C, Quig ME, Kane R, Simsarian J

Neuropsychological Domains: Attention

A47

Are Age and Attention Predictors of Simulated Driving Performance
Restrepo L, Rodriguez M, Robbins J, Morrow J, Golden C

A48

Anxiety and Line Bisection: Evidence for Attentional Biases in Heightened Anxiety
Yung RC, Sullivan W, Stringer K, Ferguson BJ, Drago V, Foster PS

Neuropsychological Domains: Executive Functions

A49

Low Scores are Common in Healthy Older Adults on a Battery of Executive Functioning Tests: The Test of Verbal Conceptualization and Fluency (TVCF)
Lanting SC, Brooks BL, Iverson GL, Horton Jr. AM, Reynolds CR

A50

Executive Functioning Abilities among Adults with Psychological Illness.
Scarisbrick D, Odland A, Perle JG, Golden C

A51

How Does Severity of Depression in Older Adults Impacts Executive Functioning?
West S, Collins KC, Frisch D, Golden C

A52

Gender Differences in a Continuous Test of Attention and Executive Functioning
Guerrero J, Baerwald JP

A53

The Effects of Social Anxiety on Verbal and Nonverbal Fluency
Yung RC, Sullivan W, Stringer K, Ferguson BJ, Drago V, Foster PS

A54

Relationship between Executive Functioning and Social Skills Competency among Third and Fifth Graders

Mackelprang JL, Heyanka DJ, Lennertz LE, Morin I, Marker CD

A55

A New Category Scale of the Booklet Category Test

Collins M, Dodd J, Goldstein G, DeFilippis N

A56

Relationship between PTSD, Age, Education, and COWAT Responses in Older Veterans

Holcomb MG, Kimball T, Luther E, Belsher B, Botelho V, Reed R, Hernandez B, Noda A, Yesavage JA, Kinoshita LM

A57

Apathy is Associated with Cognitive Function and Key Predictors in Cardiovascular Disease

Kakos L, Gunstad J, Hughes J, Spitznagel M, Potter V, Stanek KM, Szabo AJ, Waechter D, Josephson R, Rosneck J

A58

Associations between Conduct Problem Behaviors and Measures of Executive Functioning in a Child Clinical Sample

Schofield HT, Getz GE

Professional Issues: Effort and Motivation**A59**

Developing New Indices for the Identification of Response Bias

Magnuson S, Bryant K, Miller A, Martincin K, Pastel D, Poreh A

A60

Use of Consistency on the TOMM to Assess Effort

Davis JJ, Ramos CK, Sherer CM, Bertram DM, Wall JR

A61

The Traumatic Events Inventory: A Preliminary Investigation of a New PTSD Questionnaire

Bryant K, Poreh AM, Magnuson S, Miller A, Martincin K, Pastel D

A62

Understanding Emotional and Cognitive Factors in Symptom Validity Testing

Gow CH, Francis J, Olson L, Sautter SW

A63

Criterion Groups Validation of the Rarely Missed Index from the Wechsler Memory Scale-III in Traumatic Brain Injury

Ord JS, Capps DE, Greve KW, Bianchini KJ

A64

Failure Base Rates on Effort Tests in Neuropsychological Evaluations for Academic Purposes

Stettler TJ, Daniel M, Kleman VM, Etchells MA

A65

Intraindividual Variability and Baseline Concussion Testing: Implications for Motivation & Overall Performance

Rabinowitz AR, Barwick F, Arnett PA

A66

The Use of the Bender Gestalt Test in Identifying Malingered Intellectual Disability in High and Low Cognitive Ability Individuals

Proto D, Barker A, Gouvier WD

A67

Malingering Detection by Performance Contrast Analysis of WAIS-III

Jones K, Williams J

Professional Issues: Test Development and Methods**A68**

An Analysis of The BVRT Memory and Recognition Item Factor Structure

Lockwood C, Mansoor Y, Homer-Smith E, Moses JA

A69

Automated Neuropsychological Assessment Metrics Processing Efficiency and Reading Achievement

Stolberg PC, Jones W, Krach S, Loe S

A70

CHC Factors of the WJ III COG in a Clinical Sample

Mortimer JE, Avirett E, Maricle D, Miller D

A71

Validity of the CHC Factors in the WJ III COG and NEPSY

Avirett E, Mortimer JE, Maricle D, Miller D

A72

Confirmatory Factor Analysis of NEPSY Domains Using a Mixed, Clinical Sample
Avirett E, Mortimer J, Miller D, Maricle D

A73

Initial Development of the Behavior Rating Inventory of Executive Function-mTBI Monitoring Form
McGill C, Moneta L, Gioia G, Isquith P

A74

The Evolution of Neuropsychological Test Usage in Different Geographical Locations and the Role of the Neuropsychologist
Lazarus GT, Puente AE

A75

What Flynn Effect? Score Increases over Time Resulting from Progressively Stringent Exclusionary Criteria
Ahern D, Faust D, Bridges AJ

A76

Impact of Sociodemographic Adjustments on Pattern Analysis
Ahern D, Faust D, Bridges AJ

Poster Session B
Friday, November 13, 2009
7:00 am - 8:30 am

Aging and Dementia: Other

B1

The Boston Naming Test: Calculation and Utilization of an Estimated 60-item Score from 30- and 15-item Administrations

Hobson VL, Hall JR, Harvey M, Spring C, Cullum M, Lacritz L, Massman P, Waring S, O'Bryant S

B2

Predictive Utility of Measures of Executive Function for Classifying Dementia

Frisch D, Morrow J, West S, Golden C

B3

The Impact of Depression on Visual and Verbal Memory in Older Adults

West S, Dougherty M, Rice J, Golden C

B4

The Impact of Dementia on the Stroop and Trail Making Tests

Morrow J, Frisch D, Pearlson J, Golden C

B5

Preservation of False Memory in Amnesic Mild Cognitive Impairment

Thorgusen SR, Watson JM, Miller AE, Kesner RP, Levy JA, Lambert AE

B6

Predictors of Neuropsychological Performance among HIV-positive Aging Adults

Fazeli PL, Marceaux JC, Vance DE

B7

Speed of Processing Training in Adults with HIV: A Pilot Study

Marceaux JC, Fazeli P, Vance D

B8

Personality Assessment Contributes to Differential Diagnosis of Dementia

Frankl ML, Cummings T, Mahaney TR, Webbe FM

B9

False Positive Rates of the RBANS Effort Index in Alzheimer's disease

Spring CC, Cooper J, Hobson V, O'Bryant S

Developmental and Pediatric: Other

B10

Effect of Inattention and Inhibition on Working Memory

Bolanos J, Holster J, Metoyer K, Garcia J, Golden C

B11

The Interaction between Development and Traumatic Brain Injury: Using a Developmental Neuropsychology Model is Crucial

Brown C, O'Toole K

B12

Neuropsychological Pattern of a 12-year-old Male with Probable Metachromatic Leukodystrophy

Brown C, O'Toole K

B13

Convergent Validity of the Social Responsiveness Scale and Social Communication Questionnaire in Childhood Tuberos Sclerosis Complex

Granader YE, Keller S, Bender H, Rath S, Nass R, MacAllister W

B14

Neuropsychological Profile of Duchenne Muscular Dystrophy: A Family Case Study

Maehr A, Kiefel J

B15

Executive Functions and Language Pragmatics in an Adolescent Neurological Sample

Bigras C, Slick D

B16

Functional Neuroimaging of Working Memory in Pediatric Major Depression

Dewey L, Tao R, Motes M, Emslie G, Rypma B

B17

Comprehensive Trail Making Test: Gender and Ethnic Differences Explored for ages 11-18

Kahn DA, Riccio CA, Reynolds CR

B18

Pre-Epilepsy Surgery Evaluation: Left Temporal-Parietal-Occipital Complex Partial Seizures

Eberle N, Mucci G

B19

Hemispheric Differences in Neural Activation During Gaze Cueing in Individuals with Autism Spectrum Disorder (ASDs) Versus Neurotypicals (NTs) as Measured by Magnetoencephalography (MEG).

Chase A, Boyle MA, Gallaway ML, Bowyer SM, Lajiness-O'Neill R

B20

Using the NEPSY-II to Assess ADHD, Seizure Disorder, and Autistic Spectrum Disorders in Children

Gifford K, Mahaney T, Cohen RJ, Gorman PW

B21

Mental State Attribution and Adaptive Social Functioning in Children with Asperger's Disorder

Levin Allen S, O'Hara E, LeGoff DB, Chute D, Barakat LP

B22

Clinical Findings of the WISC-IV Spanish in Puerto Rican Children Diagnosed with Generalized and Partial Complex Epilepsy

Laboy G, San Miguel-Montes L, Rios-Motta M, Pita-Garcia I

B23

Predominant Language at Home in Children with Brain Tumor

Van Horn H, Cuevas M, Ross P, Kinjo C, Basanez T, Patel SK

Neurological and Neuropsychiatric Disorders: Cerebrovascular Disease**B24**

Interrater Reliability of Microemboli Volume Measurements Following Carotid Interventions

Dinishak D, Zhou W, Ortega M, Zareie R, Lane B, Rosen A

Neurological and Neuropsychiatric Disorders: Other**B25**

Acute Disseminated Encephalomyelitis in Adults

Myers A, Domboski K, Ireland S, Mittenberg W

B26

Relationship Between Cerebral Lateralization and Verbal Ability (Gc) in Brain Impaired Individuals

Mazur-Mosiewicz A, Holcomb M, Dean RS

B27

Cardio-metabolic co-morbidities and cognitive decline in Parkinsons disease

Myerson CE, Katzen HL, Mittel AM, McClendon MS, Guevara A, Nahab FB, Gallo BV, Levin BE

B28

Examining Short-form Methods to Estimate WISC-IV Full Scale IQ in Children with Intractable Epilepsy

Fay TB, Brooks BL, Sherman EM

B29

BDNF Val66Met Polymorphism is Associated with Cognitive Functioning in Older Adults with Cardiovascular Disease

Szabo AJ, Gunstad J, Spitznagel MB, McCaffery J, McGeary J, Paul R, Sweet L, Cohen R

B30

The Relationship Between Emotional Functioning and Medication Adherence in Multiple Sclerosis

Hancock L, Bruce J, Peterson S, Jacobson J, Tyrer J, Guse E, Lasater J, Fritz J, Lynch S

B31

Longitudinal Cognitive Declines in Prediagnosed Huntingtons Disease

O'Rourke JJ, Queller S, Whitlock KB, Beglinger LJ, Stout JC, Duff K, Paulsen JS, PREDICT-HD Investigators

B32

Functional Competence and Neuropsychological Compromise among Older HIV-Infected Adults

Kim MS, Jang J, Chung J, Zukerman J, Miller S, Waterman G, Sadek J, Singer E, Heaton R, van Gorp WG, Castellon SA, Hinkin CH

B33

Neuropsychological Outcome after Third-Ventricular Tumor Excision

Yamout K, Baade LE

B34

Longitudinal Changes in Medication Adherence among HIV+ Adults: Relationship with Neurocognition and Changes in Psychiatric Functioning

Panos SE, Becker BW, Kim MS, Foley J, Jang J, Chung J, Castellon SA, Hinkin CH

B35

Driving Abilities among Cognitively Impaired HIV-Infected Adults

Kim MS, Jang J, Castellon SA, Marcotte T, Hinkin CH

B36

Case Study: Neuropsychological Functioning and Complete Agenesis of the Corpus Callosum

Merrick, E

Neurological and Neuropsychiatric Disorders: Traumatic Brain Injury**B37**

Verbal Comprehension and Perceptual Reasoning Deficits Predict Learning and Memory Impairment in Children with TBI

Kazakov D, Duke LA, Field RB, Allen DN, Mayfield J

B38

WISC-IV Profiles in Children with Traumatic Brain Injury: Similarities and Differences to the WISC-III

Barney SJ, Thaler NS, Allen DN, Donohue B, Mayfield J

B39

Case Study: Treatment of Psychosis Due to Traumatic Brain Injury

Mauro C, Shope C, Riber L, Dhami S, Citrome L, Tremeau F

B40

MMPI-2 Differences Between Moderate to Severe TBIs and Mild TBIs

Heyanka D, Corsun-Ascher C, Englebert N, Golden C

B41

Misperceptions of Traumatic Brain Injury 20 Years Later

Block CK, Sautter SW

B42

Performance on the Woodcock-Johnson Test of Achievement of Individuals with Traumatic Brain Injury

Stolberg PC, Terranova J, Jones W, Allen DN, Mayfield J

B43

The Relationship between Injury Severity and Recovery Following Traumatic Brain Injury Using Diffusion Tensor Imaging

Ramanathan D, Medaglia JD, Chiou KS, Wardecker BM, Slocomb J, Vesek J, Wang J, Hills E, Good DC, Hillary FG

B44

Changes in Helmet Use among College Skiers and Snowboarders

Kimpton T, Kirshenbaum A, Madathil R, Trontel H, Hall S

B45

Longitudinal Investigation of White Matter Focal Lesions in Moderate to Severe TBI Using DTI

Chiou KS, Slocumb J, Ramanathan D, Medaglia J, Wardecker B, Vesek J, Wang J, Hills E, Good D, Hillary F

B46

Concussion Incidence, Reporting, and Risk Factors: Epidemiology and Role of Personality

Salinas CM, Tiedemann S, Webbe FM

B47

Alexithymia and Emotional Empathy Following Traumatic Brain Injury

Williams C, Wood RL

B48

WISC-IV GAI and CPI Profile Patterns in Children with TBI

Ringdahl EN, Thaler NS, Hodges TD, Mayfield J, Allen DA

B49

Factor Structure of the Comprehensive Trail Making Test in Pediatric TBI

Kazakov D, Haderlie MM, Terranova J, Martinez AE, Allen DN, Mayfield J

B50

Performance Predicts Increased Frontal Cortex Activation in TBI in Spatial Working Memory

Medaglia J, Ramanathan D, Chiou K, Wardecker B, Franklin R, Genova H, Deluca J, Hillary F

Neurological and Neuropsychiatric Disorders: Treatment and Rehabilitation

B51

Use of Cognitive Remediation Device/PDA with Planning Software to Reduce Dysfunctional Hypomanic Behavior in a Combat Veteran with Co-morbid Multiple Neurological and Psychological Disorders.

Pastrana F, Wurst L, Zeiner H

Neuropsychological Domains: Language and Aphasia

B52

Clinical Neuropsychological Conceptualizations of Aphasia: Perspectives from Neurocognitive Linguistics

Garcia AM, Bender HA

Neuropsychological Domains: Memory and Amnesia

B53

Memory Impairment in Developmental versus Acquired Neurological Disorders

Rice J, West S, Dougherty M, Boddy R, Golden C

B54

Dissociation and Neuroticism are Associated with Poor Self-reported Memory in Multiple Sclerosis

Tyrer J, Bruce J, Hancock L, Guse E, Jacobson J, Lynch S

B55

The Effects of Heightened Anxiety on Spreading Activation in Lexical/Semantic networks

Yung RC, Sullivan W, Stringer K, Ferguson BJ, Drago V, Foster PS

Neuropsychological Domains: Other

B56

Using the WRAT-3 to Predict Premorbid FSIQ

Scarlsbrick D, Heyanka D, Frisch D, Golden C

B57

Effects of Handedness on WAIS Performance Subtests

Prinzi L, Morrow J, Robbins J, Golden C

B58

The Effects of Lateralized Lesions on the Trail Making Test (TMT)

Fallows RR, Amin K, Virden T, Borgaro S

B59

Evaluation and Comparison of Two WAIS-III Short Forms in a Clinical Veteran Sample

Hubel K, Miles GT, Gomez R

B60

Pre/Post Surgical Neuropsychological Evaluation of a 12 year old Bilingual Female with Temporal Lobe Epilepsy

Nazarian S, Mucci GA

B61

Neuropsychology Profiles of Hispanic Children with Epilepsy Using the Cognitive Assessment System-Spanish Version: A Case Presentation

Moreno-Torres MA, San Miguel-Montes L, Otero-Zeno TM, Rios M

B62

Effects of Age, Gender, and Kanji Education on Rey-Osterreith Complex Figure Test Performance

Douglas KR, McGhee R, Sakamoto M, Spiers MV

B63

Comparison of Two Versions of the TOMM

Vanderslice-Barr J

B64

Evaluating Computerized Neurocognitive Testing Practices of Sports Medicine Professionals

Elbin RJ, Covassin T, Kontos A, Larson E, Stiller-Ostrowski J

B65

The Effects of Trait Rumination and Distraction on Cardiovascular Recovery From Anger Recall in Healthy Women

McLain M, Serina N, John S, Rautiola M, Waldstein S

B66

The Relations of Positive and Negative Symptoms with Cognitive Functioning in Psychotic Major Depression

Che A, Gomez R, Keller J, Tennakoon L, Marshall D, Rogers E, Misa J, Schatzberg A

B67

Performance on CVLT-II and Rey Complex Figure in Chronic Cannabis Users

Stiles M, Ericson R, Earleywine M

B68

The Impact of Motivational Statements on Neuropsychological Performance in Chronic Cannabis Users

Ericson R, Earleywine M

Professional Issues: Forensic Practice**B69**

Relation between MMPI-2 Scores and Murder

Tourgeman I, Boddy R, Gurree J, Buddin H, Golden C

B70

Predicting Cognitive Ability in Children Using Sensory Motor Tasks

Holcomb MJ, Mazur-Mosiewicz A, Dean RS

B71

An Archival Analysis of Symptom Validity Tests and Embedded Symptom Validity Indices in a Sample of Litigating Adults

Miele AS, Lynch JK, McCaffrey RJ

B72

An Examination of the Incidental Memory Measures from the Halstead-Reitan Batteries for Older and Younger Children Compared to the Children's Memory Scale or the Test of Memory and Learning

Miele AS, Vanderslice-Barr JL, Lynch JK, McCaffrey RJ

B73

MMPI-2RF Validity and Somatic Scales: Relations to Symptom Validity Test Outcomes

Wershba RE, Stevenson MM, Thomas ML, Sturgeon JD, Youngjohn JR

Poster Session C
Friday, November 13, 2009
4:30 pm - 6:00 pm

Aging and Dementia: Other

C1

Assessment of Cognitive Switching Strategies in MCI and Normal Controls
Morgan DR, Bello D, Hollimon M, Schneider J, Edgington C, Scott J, Adams R

C2

Distinguishing MCI and Depressed Individuals with Subjective Memory Complaints using Verbal Fluency
Morgan DR, Bello D, Hollimon M, Schneider J, Edgington C, Scott J, Adams R

C3

Factor Structure of the RBANS in Geriatric Psychiatric Inpatients
Heinrichs RJ, Baade LE, Soetaert DK

C4

Differential Patterns of Performance on the RBANS in Cortical-Based Dementing Disorders
Barisa M, Noggle C, Thompson J

C5

Correlational Links Between GDS Ratings and RBANS Subtest Performance
Barisa M, Noggle C, Thompson J

C6

Relationship Between ILS Performance and RBANS Index Scores in Cortical-Based Dementias
Barisa M, Noggle C, Thompson J

C7

The Phenomena of Cognitive Reserve in a Scholar with fv-FTD
Pimental PA, Riedl K, Kimsey M

C8

A Comparative Profile Analysis of DRS Subtests in 4 Dementia Types
Sartori AC, Griffith H, Okonkwo OC, Marson DC

C9

Cognitive Remediation Group Training for Individuals with Mild Cognitive Impairment
Bertisch H, Schaefer L, McKenzie S, Mittelman M, Hibbard M, Sherr R, Diller L

C10

Clustering and Switching on a Geographical Verbal Fluency Task by Surgical and Non-Surgical Parkinsons Disease Patients

McTaggart AB, Williams RC, Troster AI

C11

The Effect of Self-reported Diabetes Mellitus on Dementia Rating Scale Performance

Clark JH, Owens T, O'Jile J

C12

Factor Analysis of a Brief Neuropsychological Battery in a Sample of Patients Referred for a Dementia Evaluation

Schmitt AL, Livingston RB, Smernoff EN, Galusha JM, Piazza JA, Gutierrez M

C13

Treatment Prognostics and Stress Moderators among Older Adults with Memory Problems

Yeager CA, Hyer L

C14

Severity of Cognitive Deficits in Co-morbid Depression and Mild Cognitive Impairment

Vaughn E, LaPorte DJ

Clinical Trials**C15**

Are There Differences in Subjective Drug Preference between Placebo and Leviteracetam among Healthy Older Adults?

Schoenberg MR, Werz M

Developmental and Pediatric: Attention Deficit (Hyperactivity) Disorder**C16**

Advanced Evidenced Based Practices in ADHD Assessment

Pedigo T

C17

Neuropsychologically Based Treatment Planning for Students with ASD or ADHD

Lavach JF, Hart JE

C18

Attention Deficit/Hyperactivity Disorder and Language-Based Learning Disorders: Contribution of Neuropsychological Measures for Diagnostic Specificity

Vyas SK, Dorta NJ

Developmental and Pediatric: Learning Disability

C19

Nonverbal Learning Disability: Are Social Skills Deficits a Necessary Feature?
Granader Y, Roberts E

C20

Base Rate of Neurocognitive Impairment in Young Adults with Low Academic Achievement
Hill BD, Musso MW, Pella RD, Barker A, Proto D, Gouvier WD

C21

The Nature and Characteristics of Reading and Mathematics Disorders in College Students
Gibson K, Bowers T

C22

Expressive Writing Disorders in Young Adults: Memory Measures Predict Performance
Bowers T, Gibson K, Hinkle S

Neurological and Neuropsychiatric Disorders: Cerebrovascular Disease

C23

Discrepant Patterns of Performance on the RBANS Based on Hemispheric Origin of Cerebral Infarction
Barisa M, Noggle C, Thompson J

C24

Differential Factor Structures of the RBANS in Relationship to Left Versus Right Hemispheric Infarctions
Thompson JC, Noggle CA, Maulucci A

C25

Influence of the Lateralization of Cerebral Infarctions on Established Correlational Ties Between RBANS Subtest and ILS Performance
Thompson JC, Noggle CA, Barisa MT, Maulucci A

C26

Covariance of RBANS Subtests and Outcomes on the ILS Following Acute Cerebral Infarction
Thompson JC, Noggle CA, Barisa MT, Maulucci A

C27

TCF7L2 Polymorphism is Associated with Impaired Neuropsychological Test Performance in Older Adults with Cardiovascular Disease
Benitez A, Gunstad J, Spitznagel MB, Szabo A

Neurological and Neuropsychiatric Disorders: Psychiatric Illness

C28

An Exploratory Factor Analysis of the Hamilton Depression Rating Scale and its Relationship to Cognition
Rogers E, Gomez R, Keller J, Marshall D, Tennakoon L, Che A, Misa J, Schatzber, A

C29

Using Negative Feedback to Guide Behavior: Impairment on the First Four Cards of the Wisconsin Card Sorting Test Predicts Negative Symptoms of Schizophrenia
Strauss GP, Ringdahl EN, Barney SJ, Jetha SS, Duke LA, Ross SA, Watrous B, Allen DN

C30

Verbal Fluency and Working Memory in Depression
Maucieri L

C31

Convergence and Divergence of Fibromyalgia and Somatoform Disorder Profiles on the MMPI-2
Noggle CA, Barisa MT, Thompson JC, Maulucci A

C32

Divergent Neurocognitive Profiles in Depression and Undifferentiated Somatoform Disorder in an Adult Sample
Noggle CA, Barisa MT, Thompson JC, Maulucci A

C33

Inconsistent Factor Structure of the RBANS in a Sample of Patients with Undifferentiated Somatoform Disorder
Noggle CA, Barisa MT, Thompson JC, Maulucci A

C34

Differential Patterns of Performance on the DKEFS in the Presence of Pediatric Mood Disturbances
Noggle CA, Thompson JC, Barisa MT, Maulucci A

C35

Identification of Performance Discrepancies in Pediatric Mood Disturbances on the Tower of London
Noggle CA, Thompson JC, Barisa MT, Maulucci A

C36

The Effect of Depression and Age on the Neurobehavioral Cognitive Status Examination
Getz GE, Dandridge A, Klein R

Neurological and Neuropsychiatric Disorders: Traumatic Brain Injury**C37**

Because the Welcome Home Party Doesn't Last Forever: Depression & Coping Strategies after TBI
La Point S

C38

Differentiating TBI from ADHD: Frequencies of Secondary Diagnoses
Holcomb MJ, Mazur-Mosiewicz A, Dean RS

C39

The Influence of Psychological Symptoms on Baseline Concussion Testing
Bailey CM, Samples HL, Broshek DK, Barth JT, Freeman JR

C40

Athlete's Subjective Feedback on Baseline Neurocognitive Testing is Related to Decreased Performance.
Schatz P, Neidzowski K, Moser RS

C41

Family Functioning is Not Related to Time to Recovery from Pediatric Mild Traumatic Brain Injury
Reesman J, Suli-Moci E, Wells C, Moneta L, Dean P, Gioia GA

C42

Neuropsychological Profile of Recent Combat Returnees with Suspected TBI from Pure Blast Exposure
Belsher BE, Hutson L, Greenberg L, Sullivan C, Hull A, Poole J

C43

Discriminating Between Concussed and Non-concussed High School Athletes using ImPACT.
Schatz P, Pardini JE, Lovell MR

C44

The Neurocognitive Effect of Exposure to Repeated Low-level Blasts in a Military Sample
Parish RV, Carr W, Paggi M, Anderson-Barnes V, Kelly MP

C45

The Impact of Sensorimotor Impairment on Community Integration and Life Satisfaction after Moderate to Severe TBI

Hutson LR, Loughlin J, Sullivan C, Kelley E, Poole J

C46

PTSD Factors and their Neuropsychological Correlates in Recent OEF/OIF Combat Returnees Screening Positive for Concussion

Hutson LR, Loughlin J, Sullivan C, Belsher B, Hull A, Greenberg L, Poole J

C47

The Neurocognitive Effect of Exposure to Repeated Low-level Blasts in a Military Sample: Computer-based Assessment

Carr W, Parish RV, Paggi M, Anderson-Barnes V, Ahlers ST

C48

Initial Evaluation of a Battery for Remote Screening of Cognitive and Neurobehavioral Dysfunction

Roebuck Spencer TM, O'Neill D, Carter J, Bleiberg J

C49

Outcome from Concurrent Traumatic Brain Injury and Alcohol Misuse: Preliminary Analyses

Lange RT, Brubacher J, Iverson G, Madler B, Heran M, MacKay A, Andolfatto G

C50

Self-report of Concussion Symptoms in Collegiate Athletes

Krol AL, Mrazik M

C51

Using a General Cognitive Index (GCI) with the LANSE-C and LANSE-A

Lebby PC, Johnson W, Sweatt J, Turitz M, Greenawald KL, Lesser SM, Ormonde AR

C52

Educational Reentry of the Post-secondary Student with Acquired Brain Injury: Neuropsychological Implications

Lavach JF, Hart JE

C53

Untreated Mild TBI in a College Population: Rates and Reasons for Not Seeking Treatment

Demakis G, Rimland C

C54

Semantic Cueing Improves Recall in Individuals with Traumatic Brain Injury
Lengenfelder J, Sumowski JF, Smith A, Chiaravalloti ND, DeLuca J

Neuropsychological Domains: Memory and Amnesia

C55

A Comparison of Two Multinomial Models of the Automatic and Conscious Processing of Threatening Information in a College Sample.

Pierson EE, Koehn EA

C56

Working Memory in Developmental and Acquired Dyslexia Examined with Magnetoencephalography (MEG) - A Multiple Case Study

Lajiness-O'Neill R

C57

Cogmed: A Cognitive Rehabilitation Intervention to Improve Working Memory in Older Adults

Hyer L, Yeager C, Manatan K, Sherman S, Atkinson M

Neuropsychological Domains: Other

C58

Spinal Cerebellar Ataxia Type 8 Comorbid with Alcohol Related Dementia

Massey-Connolly S

C59

Correlation between Cognitive Scores and Functional Performance in Older Adults

Gugnani M, Stack R, Carson A, Mirza N

C60

Cognitive Efficiency in Athletes Recovering from Sports-related Concussion.

Johnson EW, Lovell M

C61

Rey Complex Figure (ROCF): Gender Differences and Speed of Copy

Perna R, Jackson A, Roy S, Zebeigly A

C62

Comorbid ADHD and Depression in Adults: Additive Effects on Neurocognition

Larochette A, Bowie CR, Harrison AG

C63

Nonverbal Learning Disorder and Asperger's Disorder: A Comparison of Visual Perceptual Profiles

Nippoldt-Baca L, Bleil J, Arffa S

C64

Differential Correlations Between Individual Subtests on the RBANS and Independent Living Scale Performance

Thompson JC, Noggle CA, Mark BT, Maulucci A

C65

Neurocognitive Deficits Associated With the Hepatitis C Virus Among Incarcerated Men

Umaki TM, Denney RL

C66

Facial Affect Recognition Ability in Veterans Who Screen Positive for Traumatic Brain Injury (TBI): Contribution of Emotional and Cognitive Factors

Greenberg L, Hull A, Belsher B, Lee H, Sullivan C, Poole JH

C67

Recognition of Point-light Biological Motion: Mu Rhythm Suppression and its Relationship to Social Functioning

Abrigo E, Hurewitz F, Kounios J

C68

Differential Predictability of Neurocognitive Domain Functionality Based on Wisconsin Card Sort Test Performance

Noggle CA, Barisa MT, Thompson JC, Maulucci A

C69

Validation of the Malingering Pain-Related Disability Criteria

Greve KW, Aguerrevere LE, Bianchini KJ, Etherton JL, Heinely MT

C70

The Relationship of Migraines/Headaches and Concussion History to Post-concussion Neurocognitive Performance in Collegiate Athletes

Kontos A, Covassin T, Elbin R, Larson E, Stearne D

C71

Automated Neuropsychological Assessment Metrics (ANAM)'s Measure of Invalid Scores (AMIS): A Simulator Study

Johnson D, Gilliland K, Vincent A

Professional Issues: Forensic Practice

C72

A Case of Malingering By Proxy in Social Security Disability

Chafetz M

C73

Practice Effects in a Forensic Scenario: Impact of Item Familiarity versus Procedural Familiarity

Herkov MJ, Morais H, Schwait A

C74

Accuracy of Recognition of Non-Semantic Expression of Emotion: Norms for a Forensic Population

Mangiameli LJ, Greenhill TS

Poster Session D
Saturday, November 14, 2009
7:00 am - 8:30 am

Developmental and Pediatric: Other

D1

Bilateral Frontoparietal Polymicrogyria: Assessment and Intervention
Morere D

D2

The Utility of Neuropsychological Assessment with XXYY Syndrome
Gifford K, Ferro J

D3

Neuropsychological Profile of Duchenne Muscular Dystrophy: A Case Study with Implications for Developmental Dyslexia
Ezrine GA, Kiefel J, Hinton VJ

D4

Bridging the Gap: An In-depth Neuropsychological Case Review of Partial Agenesis of the Corpus Callosum.
Greco SP, Corradino III G, Pantone JC, MacLeod RA

D5

Neuropsychological, Cognitive, and Affective Profiles of Children Diagnosed with Autism Spectrum Disorders (ASD)
Hart JE, Lavach JF

D6

Longitudinal Neuropsychological Evaluation of Youth Diagnosed with Deafness and Autistic Disorder: Three Case Studies
Pick LH, Szymanski CA

D7

The Neuropsychological Mechanisms that Contribute to Academic Challenges in Children with Hypoplastic Left Heart Syndrome
Ilardi DL, Marcus DJ, Burns TG, Mahle WT, Jenkins P

D8

Evaluating the Relationship between Parents' Level of Education and CHC Factors on the WJ-COG for High Ability Children
Davis A, Pierson EE, Freeman Floyd E, McIntosh DE, Dixon F

D9

Evaluating the Relationship between the WISC-IV and Adaptive Functioning in Children with Fetal Alcohol Spectrum Disorder

Davis A, Boseck JB, Berry KB, Whited A, Gelder B

D10

Predicting Behavioral, Social, and Emotional Deficits with Cognitive Processing in Children with Fetal Alcohol Spectrum Disorder

Davis A, Berry KB, Boseck JB, Koehn EA, Gelder B

D11

Comprehensive Trail Making Test: Is the Total Score the Best Indicator?

Riccio CA, Kahn DA, Perez E, Reynolds CR

D12

Developmental Trends in Children with Smith-Lemli-Opitz Syndrome (SLOS): Changes in Age Equivalence and Standard Scores

Scott MN, Nguyen-Driver M, Lennen D, Steiner RD, Sikora DM, Freeman KA

D13

Electrical Injury: Neuropsychological Findings from a 9-year-old boy

Carboni J, Fong G

D14

Cerebellar Cognitive Affective Syndrome in an 8-year-old Girl

Fong G, Carboni J

D15

A Comprehensive Model of Neuropsychological Services within a Pediatric Hospital Setting: A Case Study of a 15-year-old with Epilepsy

Whigham KB, O'Toole K, Burns TG

D16

The Importance of Early Intervention in Attentional and Learning Problems

Olivier TW, Nemeth DG, Whittington LT

D17

Pantothenate Kinase-Associated Neurodegeneration: A Case Study

Moreau A, Webb N, Weimer M

Diversity: Other

D18

Neuropsychological Functioning in Severe and Chronic Spanish Speaking Psychiatric Patients

Gontier J, Labrana J, Rioseco F, Puente AE, Puente AN, Bure A

D19

Individual Performances of a Spanish Speaking Hispanic Male on The Test of Memory Malingering, Word Memory Test, and Medical Symptom Validity Test

Buddin H, Teichner G, Golden C

Neurological and Neuropsychiatric Disorders: Other**D20**

Amnestic Disorder caused by Herpes Encephalitis

Pacheco E, Chong J, Gold S, Mittenberg W

D21

Neuropsychological Predictors of Medication Adherence in MS

Bruce J, Hancock L, Peterson S, Jacobson J, Guse E, Tyrer J, Lasater J, Fritz J, Lynch S

D22

Comparison of Neuropsychological Profiles of Two Children with Duchenne Muscular Dystrophy: Possible effects of Steroid Treatment

Yarger L, Zychowski L, Nippoldt-Baca L, Lehman, C, Arffa S

D23

Effects of EDC Exposure on Levels of Depression and Anxiety

Marceaux JC, Dilks LS, Arthur A, Myers B, Levy J, Blancett S, Thrasher A

D24

Neuropsychological Functioning Post-Renal Transplantation in Relation to Chronic Prednisone Therapy

Koushik NS, McArthur SF, Baird AD

D25

Executive Functioning in Parkinson's Disease: The Effects of Asymmetrical Symptom Presentation and Anxiety.

Foster PS, Drago V, Yung RC, Crucian GP, Heilman KM

D26

Self-report of Cognitive Compromise and Objective Test Performance in Breast Cancer Patients

Castellon S, Oppenheim A, Carter C, Ganz P

D27

Clinical Utility of Trail Making Test using Tombaugh Norms for Puerto Rican Psychiatric and Neurological Patients

San Miguel-Montes L, Escabi-Quiles Y, Allen D

D28

Clinical and Neuropathological Findings in Chronic Traumatic Encephalopathy: A Case Series

Gavett BE, Stern RA, Nowinski CJ, Cantu RC, McKee AC

D29

Evaluating the Relationship between the PASAT and Cognitive Functioning in Patients with Multiple Sclerosis

Davis A, Roberds EL, Lutz JT, Williams RN, Gupta AS

D30

Pre-surgical Predictors of Changes in Memory Function: Further Evaluation of Material Specific Memory.

Schoenberg MR, Werz M, Maciunas R, Koubeissi MZ, Luders H

D31

Managing Pain in Multiple Sclerosis - the Role of Sleep, Coping, and Quality of Life

Barwick F, Arnett P, Morse C

D32

Elevated ADHD Rates in Mothers of Children with Comorbid ADHD and Epilepsy

Gonzalez-Heydrich J, Luna L, Rao S, McClendon J, Rotelle P, Waber D, Boyer K, Faraone SV, Whitney J, Guild D, Biederman J

Neuropsychological Domains: Attention**D33**

Response Time Gender Differences Secondary to Interstimulus Latency

Baerwald JP, Ryan G

D34

Concurrent Validity of the TOMAF with Neuropsychological and Psychological Measures

Baerwald JP, Ryan G, Guerrero J

D35

Applied Psychophysiology and Neuropsychological Assessment using Virtual Environments

Parsons TD, Rizzo AA, Lance BJ, Courtney C

D36

Response Specificity and RT Differences in a Test of Serial and Simultaneous Stimulus Presentation

Baerwald JP, Ryan G

Neuropsychological Domains: Executive Functions**D37**

Executive Functioning and Independent Living after ABI

Perna R, Jackson A

D38

Development of Executive Functions in the Context of a Space-Occupying Lesion: Make Room or Evict?

Luton LM, O'Toole K

D39

How Much Variance Does Executive Functioning Account for in CVLT-II Performance? A Factor Score Approach

Alosco M, Emerson K, Hill BD, Bauer L, Tremont G

D40

Executive Functions in Children and Adolescents on the Autism Spectrum: Gender Differences in Shifting and Self-Monitoring

Zychowski L, Yarger L, Kegel N, Arffa S

D41

Improving the Clinical Utility of the Symbol Digit Modalities Test

Crockett DJ, Parks RW, Vernon-Wilkinson R

D42

Further Validation of the Pillbox Test as a Performance Based Measure of Executive Functioning

Hietpas-Wilson T, Zartman AL, Gordon SN, Krueger KR, VanBuren K, Yates A, Hilsabeck RC

D43

An Exploration of Risky Decision Making in the Normal Population

Campbell JA, Crowe SF

D44

Differential Perceptions of Executive Functioning by Parents and Teachers in Children with Mood Disturbances

Noggle CA, Thompson JC, Barisa MT, Maulucci A

D45

Mitigation of Adaptive Skills Secondary to Executive Functioning

Noggle CA, Thompson JC, Barisa MT, Maulucci A

D46

Reliance of Demonstrated School Readiness on Executive Functions

Noggle CA, Thompson JC, Barisa MT, Maulucci A

D47

PASAT and Math Ability: It's More Than Just Knowing the Answers

Sumowski J, Chiaravalloti N, Lengenfelder J, DeLuca J

Professional Issues: Effort and Motivation

D48

Intrasubtest Scatter on Intellectual Measures as an Indicator of Poor Effort in Litigated Multidiagnostic Disability Claimants

Iturriaga L

D49

Noncredible Performance in Individuals with External Incentives: Empirical Derivation of the Psychosocial Distress Scale

Henry GK, Heilbronner RL, Mittenberg W, Enders C, Stevens A, Dux M

D50

The MMPI-2 and Cognitive Response Validity: Development of the Cognitive Complaints Scale

Henry GK, Heilbronner RL, Mittenberg W, Enders C, Myers A

D51

Understanding Parent Satisfaction of Pediatric Neuropsychological Evaluations

Arffa S, Nippoldt-Baca L, Yarger L, Acocella-Stollerman J, Lee E

D52

An Examination of the FBS Scale In A Sample of Individuals With An External Incentive To Do Well: Individuals Seeking Military Enlistment

Peck EA, Lee HK, Khawaja SA, Phillips BD, Crockett AE

D53

Criterion Groups Validation of the Word Memory Test in Chronic Pain

Greve KW, Ord J, Etherton JL, Bianchini KJ, Curtis KL

D54

Word Memory Test Performance of Children with Reading Disabilities

Harrison AG, Edwards M

D55

The Ability of Naive and Sophisticated Feigners to Avoid Detection on the WMT

Harrison AG, Edwards M

D56

The Effect of Psychosis on Validity Indicators

Cottingham ME, Goldberg HE, Victor TL, Perry L, Paziienza S, Boone KB

D57

Poor Performance on Symptom Validity Tests with Objective Cerebral Impairment: Case Examples

Bowers T

D58

The Utility of a Short-Fake Bad Scale for Detecting Malingered Neurocognitive Dysfunction on the 370-item MMPI-2

Triebel KL, Denney RL, Halfaker D

D59

Evaluating Suspect Intellectual Deficits: The Utility of the Structured Inventory of Malingered Symptomatology (SIMS) in an Inpatient Psychiatric Setting

Tussey C

D60

Validity of Effort Testing Among Individuals with Mental Retardation

Barber AP, Denney RL, Deal WP

D61

Performance of The Test of Memory Malingering (TOMM) and the Word Memory Test (WMT) in criminal medical and psychiatric settings.

Bailey CM, Denney RL, Marcopulos BA

Professional Issues: Test Development and Methods**D62**

Modification of the TOP-J for Assessing Practical Judgment in Lower-SES Inpatients with Mild TBI and Stroke

Schaefer LA, Rabin LA, Kakkanatt T, Popalzai A, Chantasi K, Magyar Y, Cruz R, Weiss L

D63

Validation of Millisecond Timing Accuracy in Microcomputers.

Schatz P, Gibney B, Lietner DS

D64

Base Rates of Low Scores on the Test of Verbal Conceptualization and Fluency (TVCF)

Koushik NS, Brooks BL, Iverson GL, Horton AM, Reynolds CR

D65

Age and Education Effects on the Horton-Reynolds Executive Functioning Scale

Horton AM, Reynolds C

D66

Using Demographic Variables to Estimate Premorbid Functioning in Preschool Children using the Stanford-Binet-Fifth Edition

Davis A, Finch WH, Skierkiewicz AL, Rothlisberg BA, McIntosh DE

D67

Demographic Variables, Premorbid Functioning, and CHC Ability on the Woodcock-Johnson Tests of Cognitive Abilities for Preschoolers

Davis A, Finch WH, Chang M, McIntosh DE, Rothlisberg BA, Paulson S

D68

Word Reading as a Predictor of Executive Functions: Utility for Premorbid Functioning

Davis A, Starling JM, Whited A, Chang M, Roberds EL

D69

Subtest III of the Category Test: False-Positives?

Dodd J, Goldstein G, DeFilippis NA

D70

The Development of Processing Speed and Working Memory Tasks: The NIH Toolbox Project

Carlozzi NE, Tulskey DS, Kurkowski R, Browne K, Wortman K, Gershon R
