Aging and Dementia: Healthy Aging and Cognition

A-01 The Relationship Between Body Mass Index and Neuropsychological Functioning in Older Adults  
Gogniat M, Puente A, Brown C, Robinson T, Miller L

A-02 An Assessment of Medication Management and Planning in a Sample of Community-Dwelling Healthy Older Adults  
Sumida C, Vo T, Schmitter-Edgecombe M

A-03 Reversal Learning Ability Varies in Cognitively Normal Older Adults  
Gracian E, Austiff M, Cichon J, Yang B, Osmon D, Mosack K

A-04 Subjective Cognitive Complaints and Objective Memory Performance Influence Prompt Preference for Instrumental Activities of Daily Living  
Van Etten E, Weakley A, Schmitter-Edgecombe M, Cook D

A-05 Psychosocial Predictors of Self-Perceived Memory and Its Implications on General Health and Neuropsychological Performance  

A-06 Wisconsin Card Sorting Test Performance in Healthy Older Adults Who Use Sudoku or Crossword Puzzles  

A-07 Hyperkinetic Perseveration Among Healthy Older Adults Is Associated with More Obstacle Contacts and Slower Completion Times During an Obstructed Walking Task  
Niermeyer M, Ziemnik R, Suchy Y

A-08 Association of Subjective Cognitive Impairment and Memory Performance Among Healthy Older Adults  
Archer V, Damoiseaux J

Aging and Dementia: Other

A-09 Relationship of the Montreal Cognitive Assessment (MoCA) to Everyday Impairments in Parkinson’s Disease  
Cooper R, Benge J, Lantrip C

A-10 The Miami Test of Semantic Interference and Learning (MITSI-L), a Novel Computerized Paired-Associates Test that Demonstrates Increased Sensitivity in Detecting Subtle Cognitive Impairments in MCI  
Ethridge K, Capp K, Raffo A, Curiel R, Crocco E, Melo J, Rosado M, Duara R, Greig M, Loewenstein D
A-11
Mild Cognitive Impairments Moderate the Effect of Time on Verbal Fluency Performance
Demetriou E, Holtzer R

A-12
Pilot Study: The Clock Test in a Sample of Elderly Puerto Ricans
Lasaga M, Arroyo Y, Avilés L, Otero W, Vázquez J, González M, Rodríguez-Gómez J

A-13
Increasing Aging Services Technologies Awareness Through a Video-Based Intervention for Caregivers
Shipman M, Tam J, Kim H, Schmitter-Edgecombe M

A-14
A Case of Semantic Variant of Primary Progressive Aphasia (svPPA) in a Balanced Bilingual
DeVaughn S, Chen W, Barciaga J, Peery S

A-15
Recall Discriminability in Adults with Amnestic Mild Cognitive Impairment and Typically Aging Adults
Ebert P, Garrett S, Hoefling L, Ingles J, Fisk J

A-16
Recognition Discriminability in Adults with Amnestic Mild Cognitive Impairment and Typically Aging Adults
Ebert P, Hoefling L, Garrett S, Ingles J, Fisk J

A-17
The Neuropsychological Profile and Possible Non-Pharmacological Interventions for Progressive Supranuclear Palsy: A Case Study
Klinoff V, Restrepo L, Ordóñez M

A-18
Can a Performance Validity Test (PVT) Measure Screen for Genuine Memory Impairment in Older Adults?
Phillips J, Ord A, Sautter S, Kintzing R

A-19
The Effect of Mixed Aging Stereotype Priming on Older Adults’ Memory Performance
Molden J, Maxfield M

A-20
The Role of Neuropsychology in Identifying Frontotemporal Dementia Associated with C9ORF72 Genetic Mutation: A Case Study
Cassetti B, Ebert P

A-21
Does Frailty Moderate the Relationship Between Reserve and Cognitive Function
Robinson T, Gogniat M, Renzi L, Hammond R, Miller L

A-22
Performance on the MoCA and Driving Abilities in Parkinson’s Disease
Rosen S, Benge J, Phenis R

A-23
The Miami Prospective Memory Test (MPMT) in Discriminating Community-Dwelling Older Adults with Amnestic MCI from Cognitively Normal Elders
Capp K, Díaz-Santos A, Raffo A, Curiel R, Crocco E, Melo J, Loewenstein D
Aging and Dementia: Alzheimer

A-24 Evaluating the Association of Early Alzheimer’s Disease with Proactive Interference Ability and Magnetic Resonance Imaging (MRI) Scans

A-25 Clinical Assessment of Posterior Cortical Atrophy

A-26 A Longitudinal Study of Cognitive Decline Patterns in Patients Who Progressed from Mild Cognitive Impairment to Alzheimer’s Disease
Leal G, Schneider B, Gonzalez I, Rodriguez M, Tourgeman I, Loewenstein D, Duara R

A-28 Effect of Continuous Positive Airway Pressure (CAP) Compliance on a Cognitive Screening Test in a Memory Clinic Population with Sleep Apnea

A-29 Proactive Semantic Interference (PSI) Deficits, and the Inability to Recover from PSI on a Novel List-Learning Task Demonstrate Increased Sensitivity in Identifying Elderly Persons at Risk of Developing Alzheimer’s Disease (AD)

A-30 The Effects of Bilingualism on Cognitive Decline in Mild Cognitive Impairment (MCI) and Alzheimer’s Disease (AD)
Alvarez E, Rodriguez M

A-31 Deficits and Failure to Recover from Proactive Semantic Interference on the Loewenstein-Acevedo Scales of Semantic Interference and Learning May Identify Elderly Persons at Risk for Early Alzheimer’s Disease

A-32 The Neuropsychiatric Inventory Increases Precision When Measuring Dementia of the Alzheimer’s Type
Fuller J, Choudhury T, Balsis S

A-33 Cued Recall Performance on the LASSI-L, a Novel List-Learning Test, Is a Better Predictor of Early Alzheimer’s Disease (AD) Than Performance on Free Recall Trials

A-34 A Three-Factor Structure of Cognitive Functioning Among Carriers and Non-Carriers of Autosomal-Dominant Alzheimer’s Disease

A-35 The Predictive Quality of Subjective Memory Complaints in Objective Memory Measures
Santos S, Rodriguez M, Tourgeman I
Differences in Neuropsychological Performance in the Diagnosis of Alzheimer’s Disease Among Non-Hispanic and Hispanic Elderly

Development and Pediatric: Learning Disability

Bilingual Children in Special Education from a Neuropsychological Lens: A Systematic Literature Review

Development and Pediatric: Attention Deficit (Hyperactivity) Disorder

Aaron H, Moses J, Davis B, Thimpson D, Eng M

C-61
Predictors of Freezing of Gait in Parkinson's Disease: The Influence of Mood and Cognition
Nguyen L, Pluim C, Schiehser D, Turk E, Lessig S, Song D, Litvan I, Filoteo J

C-62
A Comparison of Externalizing Behaviors Between Children Prenatally Exposed to Methamphetamine and Children with Attention Deficit/Hyperactivity Disorder (ADHD)
Brinker M, Boote M, Donnell S, Hill K, Hick R

C-63
Verbal Memory Performance in Combat Veterans with Posttraumatic Stress Disorder: A Systematic Review
Adams L, Tourgeman I

C-64
Differential Predictors of Burden and Depression Symptoms in Caregivers of Patients with Parkinson's Disease
Split M, Lopez F, Schiehser D, Turk E, Lessig S, Song D, Litvan I, Filoteo J

C-65
Factor Structure Comparison Between the Beck Anxiety Inventory and Geriatric Anxiety Inventory for a Non-Clinical Sample of Older Adults
Loynachan Č, Lee M, Lamb M, Pyykkonen B

C-66
Examining the Academic Impact of Pediatric Neurological Impairment: Are There Group Differences in Reading, Writing, and Math?
Greer R, Longoria J, Maricle D, Miller D

C-67
Using Tests of Balance to Predict Sub-Optimal Performance on Tests of Validity in Neuropsychological Testing
Lima E, Hartline K, Pawlenko N, Patel A, Riopelle A, Hamilton A

C-68
Can We Train Working Memory in Order to Improve Reasoning Abilities?
Leonard B, Ibanez-Casas I, Hernandez-Mejia M, Mejia A, Puente A

C-69
Caregiver Perceptions of Everyday Cognitive Functioning in Parkinson’s Disease
Benge J, Pineda A, Balsis S, Soileau M

C-70
Attention Span and Working Memory Correlates of Factorial Components of the Benton Visual Retention Test and the Serial Digit Learning Test, Nine-Digit Form
Humphrey S, Moses J, Agarwal N, Lai J

C-71
Cognitive Screener versus the Montreal Cognitive Assessment
Horton A, Reynolds C
Diversity

C-72
Comparison Between the Geriatric Anxiety Inventory and the Beck Anxiety Inventory: Differential Sensitivity in a Sample of Community Dwelling Older Adults
Lee M, Loynachan C, Lamb M, Pyykkonen B

C-73
Relevance of Subjective Socioeconomic Status Measures for Cross-Cultural Neuropsychological Performance: The EMBRACED Project

C-74
Semantic Fluency Identifies Executive Functioning Deficits in a Mixed Psychiatric Sample of Cantonese-Speaking Chinese in Macao, SAR China
Davis J, Zaroff C

C-75
Cultural Risk Factors in Intellectual Testing Within an Inpatient Adolescent Psychiatric Unit: Comparison of Minority and Caucasian Sample Performance
Rangamannar R, Kavanaugh B, Gaudet C, Cook N, Holler K

C-76
Volumetric Measurements of Temporal Lobe Structures and Neuropsychological Performance in a Spanish-Speaking Cohort of Epilepsy Patients

C-77
Ethnic Group Differences in Normal Neuropsychological Test Performance for Older Adults
Werry A, Daniel M, Bergström B

C-78
Ecological Validity of Neurocognitive Testing in Spanish-Speaking Children and Adolescents
Pistel B, Perkins A, Zaragoza A, Lebby P

Professional Issues: Forensic Practice

C-79
Clinical Utility of the LANSE-A in Forensic Settings
Pistel B, Perkins A, Zaragoza A, Lebby P

C-80
Utilizing the Digit Span Subtest (WAIS-IV) as an Embedded Symptom Validity Test
Brower M

C-81
Evaluating the Classification Accuracy of the Personality Assessment Inventory Validity Scales in Detecting Cognitive Response Bias
Gaasedelen O, Whiteside D

C-82
Common Test Utilization in Forensic Neuropsychological Assessment: A Survey of NAN and INS Members
LaDuke C, Barr W, Brodale D, Rabin L
Professional Issues: Test Development and Methods

C-83
Head-to-Head Stability of a Multidimensional Neurocognitive Battery in a Sample of High School Female Athletes Over the Course of One Soccer Season
Brett B, Baughman B, Gammage C

C-84
Pilot Study for a Novel Measure Designed to Detect Attention Deficit/Hyperactivity Disorder Simulators
Feder A, Courréjé S, Boress K, Skeel R

C-86
A Tale of Two Towers: Equivalence of Preschool Planning Measures
Sheehan J, Kerns K

C-87
Predicting Wide Range Achievement Test Word Reading Score from Hopkins Adult Reading Test Scores
Lee H, Huffman J, Axelrod B

C-88
Stimuli Redundancy Across Commonly Used Neuropsychological Instruments
Smith Watts A, Ahern D

C-89
Factor Structure of the Wechsler Intelligence Scale for Children–Fourth Edition Spanish in a Clinical Sample of Puerto Rican Children
Nuñez A, Zink D, Barchard K, San Miguel L, Copeland V, Allen D
